

6-Step MNRI® - Stress Resilience and Physical Well-being (Online)

Dates: April 13-14, 2020

Location: Online Course

Course Overview:

Reflexes are at the foundation of everything that we do, therefore we offer this class for you to experience the inner-support that is felt when resetting and integrating these primary reflexes of the body. Looking for clarity of thinking, reduction of panic and stress, and improve cognitive and physical functions? Start here and now.

Learner Objectives:

As a result of this presentation, the participant will be able to:

1. Demonstrate the reflex pattern of Trunk Extension for the foundation to stabilize Fear Paralysis.
2. Demonstrate the reflex pattern of Fear Paralysis and integrate the Fear Paralysis response to stressors.
3. Demonstrate the reflex pattern of Spinal Galant in order to relax the body thereby allowing clarity of thought and action.
4. Demonstrate the reflex pattern of Moro and integrate the responses to visual, auditory and kinesthetics stimulus.
5. Demonstrate the reflex pattern of Landau in order to integrate the foundation of the feeling of joy.
6. Demonstrate the reflex pattern Bonding (Embracing Squeeze only) in order to relax the entire body through proprioceptive input, which establishes the foundation of safety.
